This premium information reflects the State funding level as currently reflected in the Long Bill, which is in the final stages of the legislative process. Should these employer contribution amounts change, the State and employee contributions will be adjusted accordingly among the four coverage levels. If adjusted contributions become necessary, a revised chart will be made available on our web site www.colorado.gov/dhr/benefits and sent to your department's benefits, payroll, and HR staff. Watch for communication from EBU or from your department for any updates. However, do not delay your open enrollment until the last minute.
