Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

This plan contains a higher level of In-Network benefits for the Client-Specific Network (CSN), which is defined by the client.

A notice for Missouri residents: This plan does not include an optional rider to cover elective abortions.

Additional Information

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (110%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Contract Year deductible and maximum reimbursable charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

"The Plan has directed Cigna to implement certain aspects of Colorado's Surprise Billing Law (HB 19-1174) ("Surprise Billing Law"), and Cigna has identified certain methodologies set forth in the Surprise Billing Law that Cigna may use to determine a reasonable reimbursement amount for: (1) Emergency Services rendered in an emergency department of an Out-of-Network Hospital; and (2) any services rendered by an Out-of-Network Provider in an In-Network Hospital. When implemented, Cigna will attempt to negotiate a reasonable reimbursement rate for the services provided by an out-of-network provider by paying the claim at a rate that Cigna determines to be fair and reasonable for the services provided rather than the amount initially billed by the provider. Where applicable, the final reimbursement amount may be higher than the initial payment amount determined by Cigna. You will only be responsible for the applicable cost share amounts. If an out-of-network provider bills amounts in excess of the applicable copay, coinsurance, and/or deductible amounts, please contact Cigna Customer Service at the number on your ID card."

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

One Guide Concierge Customer Service Model

Available by phone or through myCigna mobile application. One Guide helps you navigate the health care system and make the most of your health benefits and programs.

Based in the US, available 24/7/365 days a year in approximately 140 languages

Language Line

Our health information line provides Language Line services to our non-English speaking customers. This telephone-based language service, capable of interpreting approximately 140 languages, allowing health advocates to communicate through interpreters with customers for whom English is not their primary language. When a non-English speaking customer calls, the health advocate reaches the appropriate language interpreter. The original phone call then becomes a conference call among the customer, interpreter, and health advocate. An interpreter directly translates the questions and answers during the phone call, reducing or eliminating the need for a returned phone call. We also provide services to our hearing impaired customers through the AT&T Relay Service.

If at least one (1) participating health care professional is not available within the established mileage specifications from the customer's home, or in certain states, from the customer's home or work location, the customer may receive authorization to visit a non-participating health care professional at the in-network benefit level. Requests for network adequacy are subject to medical necessity review of all supporting information in order to make a determination of coverage. Please call 800.244.6224 for more information.

Open Access Plus HDHPQ - HDHPQ Plan

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of Service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
