## WORKFORCE OVERVIEW

This Workforce Report covers classified employees in the State Personnel System. For this report, an employee in the State Personnel System satisfies the following criteria:

- Classified within the State's Personnel System;
- Permanent full-time or part-time employee;
- Excludes higher education faculty and administrators; and
- Excludes temporary employees.

## Classified System

The Colorado Constitution (CO Const. art. XII, §13) established the State Personnel System as the classified civil service system for the State of Colorado. The system applies only to certain positions within the Executive and Legislative Branches. Employees in the classified system may have retention rights and must adhere to the policies, procedures, and personnel rules established specifically for the State Personnel System in the State's constitution, statutes, and personnel rules.

## Non-Classified System

Pursuant to Colorado exemption statute (C.R.S. 24-50-135), employees in non-classified positions are exempt from the State Personnel System. Consequently, they are exempted from the rules, procedures, and regulations that govern the State Personnel System. The non-classified system includes employees in Amendment S positions (deputy directors, chief financial officers, public information officers, human resources directors, executive assistants, and legislative liaisons), Senior Executive Service positions, the Legislative Branch (with the exception of the State Auditor's Office), and Judicial Branch. Institutions of Higher Education are part of the Executive Branch; however, most higher education employees are exempt from the classified system.

NOTE: As of June 30, 2021, the State employed 99,222 employees. This includes both classified and nonclassified, permanent, temporary, part-time, and full-time employees in all branches of government (data is taken from the State Controller's Pay Check report).

- FY 2017-18 through FY 2020-21 statistics exclude some higher education institutions. Years prior to FY 2016-17 included data from these institutions.
- Comparisons to prior years should be viewed in this context.

## REGIONAL DISTRIBUTION

The majority of headquarters and primary locations for the State's departments are located in the Denver metro region, making this the area with the highest concentration of employees.

The Denver metro region has 13,685 employees, or $48.0 \%$ of the workforce. About 14,806 employees work in Colorado's other regions. The northwest region is home to $16.2 \%$ of the State's workforce, while $6.6 \%$ of State employees are located in the northeast region. The southern part of the State is home to a collective $29.0 \%$ of the workforce.

Figure 2. FY 2020-21 Classified Employee Distribution by Region

- Figure 2 includes 53 employees in regions other than those noted above, for approximately $0.2 \%$ of the workforce.
- Based on data from 6/30/2021
- Based on the physical work location in the workforce database

## OCCUPATIONAL GROUPS

The State of Colorado offers more than 600 job classifications. Each of these classifications is categorized into one of seven occupational groups. State Patrol Troopers are part of the Enforcement and Protective Services occupational group.

State of
COLORADO

## HEALTH PLAN MEMBERSHIP

The State offers employees the choice between two Preferred Provider Organization (PPO) plans, two Health Maintenance Organization (HMO) plans, or two High Deductible Plans (HDHP) through Cigna and Kaiser Permanente. Each year, employees may elect a new insurance plan. Enrollment numbers for each plan in FY 2020-21 changed from the previous year, as shown in Figure 13. Of the two high deductible health plans, Cigna has more participation, and of the two copayment plans, KP has more participation.

The most popular plan is the Kaiser Permanente Copay Plus Plan, with 8,885 members, a $29.0 \%$ employee membership rate. The second most popular plan is the Cigna Copay Plus Plan, with 6,480 members, a $21.2 \%$ employee membership rate.

## EMPLOYEE HEALTH AND ENGAGEMENT

In FY 2020-21, the State focused on the implementation of our new health insurance options and vendors, enhancing employees' understanding of the new benefits implemented on July 1, 2020, and refocusing our wellness program to more effectively improve employees' health.

The State solicited health insurance benefits and awarded the self-funded contract to Cigna, switching one of our primary insurance carriers from United Healthcare. By adding two new plan tiers for a total of three tier options for Cigna and three for Kaiser Permanente, employee choice was increased. During the FY 2020-21 Active Benefits Open Enrollment period, $95 \%$ of State employees elected benefits.

## EMPLOYEE WELLNESS

MotivateMe, the wellness program for all employees, was improved to focus on higher priority wellness activities like routine preventive care (mammograms \& colonoscopies), annual physicals, and utilization of the Colorado State Employee Assistance Program (CSEAP). Additional services provided by CSEAP (and not reflected in cases above) include webinars/presentations, financial assistance, professional coaching, employee mediation, group facilitation, case management, leader consultation, and critical incident response.

The State also deployed the STATE OF HEALTH pilot program, focusing on long-term positive change in chronic health conditions such as diabetes, high blood pressure, obesity, high cholesterol, depression, or tobacco dependence. Over 200 employees suffering from two or more of these chronic conditions have been enrolled in the program which coordinates the efforts of primary care physicians, health coaches and CSEAP counselors to achieve lasting results. The STATE OF HEALTH program will be available to all State employees in 2022.

## GENERAL ASSUMPTIONS

1. Multiple Records: For any employees with multiple records in a given month, we selected the last record in the table for that employee for that given month. The one exception is for determining full-time/part-time status. For this, the calculation was based on the sum of FTE (Full-Time Equivalent) for all records for a social security number for each month.
2. Employee Criteria: The tables are generally based on permanent, classified employees. The exceptions are Table 3, which includes all classified employees (both permanent and temporary), and Tables 12 and 13, which include permanent, classified and non-classified employees.
3. Salary: The salary amounts used in this analysis are unadjusted for FTE.
4. Table Types: Most demographic tables are based on June 2021. For tables involving average employee counts, the entire fiscal year was used. Each table has a note indicating the time period of the data upon which the table is based.
5. Excluded Data: The information provided to the Department of Personnel \& Administration was not updated during the fiscal year for ten institutions of higher education. Due to this, data was excluded from the report for: Adams State University, Auraria Higher Education Center, Colorado Mesa University, Colorado School of Mines, Colorado State University-Global Campus, Colorado State University-Pueblo, Fort Lewis College, Metropolitan State University, University of Northern Colorado, and Western State Colorado University.

## Workforce

Due to the various types of metrics presented in this report, different definitions have been used to provide the necessary data. In some instances, the Department used a count of employees at a given point in time (June 30, 2021), and in other instances, the Department used the average count during the fiscal year to provide the necessary data.

## For this report:

- Each table indicates the methodology utilized.
- A position is an individual distinct set of duties or assignments.
- A full-time employee is the budgetary equivalent of one permanent position working 2,080 hours per fiscal year.
- Employees are the actual people holding a position and working in the personnel system.

The Colorado fiscal year runs from July 1 through June 30. This report is based on an extract of the State's workforce data from the Colorado Personnel and Payroll System for all months from July 1, 2020, through June 30, 2021, with additional data provided by the University of Colorado, Colorado State University, and the Colorado Community College System.

Average is the arithmetic mean, the value of all the entries in a set of data divided by the number of entries. Median is the middle value in a set of data, an equal number of values above it and below it. Due to rounding, percent totals may not always equal $100 \%$.

## Retirement

Retirement eligibility is cumulative. If an employee is eligible to retire within one year, they are eligible to retire within all subsequent years.

## Turnover

Definition of turnover for employees in the State Personnel System:

- Employee-initiated separations from State employment (voluntary);
- Employer-initiated separations from State employment (involuntary);
- Layoffs;
- Retirements; and
- Deaths.

For purposes of turnover in this report, "Layoffs" and "Deaths" were combined into the involuntary turnover category. Turnover data excludes employees who transfer from one department to another because they are still considered employees of the State Personnel System. Turnover rates were calculated as the total turnover count divided by the average number of positions in the fiscal year.

## Benefits

Benefits information is gathered and summarized by higher education and general government and derived from an internal report generated by the Department's Employee Benefits Unit.

- Only permanent employees are eligible for benefits; temporary employees are not eligible for benefits.
- Note that benefits information includes non-classified employees who are not in higher education, specifically Judicial and Legislative employees, and those positions covered by Amendment S .

This report was prepared by the Department of Personnel \& Administration. This report is intended to be for informational purposes only and does not represent an opinion from the Department. Current trends have been highlighted as an illustration of workforce issues in the respective fiscal year.
