

# How to Register for Labor Relations Training Sessions

The Labor Relations Team has recently launched an [intranet site](#). It contains the training schedule for the rest of 2021 and a registration link for leads to distribute to their employees.

We are requesting the site only be used by non-covered leaders and their training leaders and not be openly distributed at this time.

## Creating Positive Employee Relations

2

This two-hour training is designed for students to gain knowledge regarding the basics of the Act. More information and training will be provided after the Partnership Agreement is signed with the Colorado Workers for Innovative and New Solutions (WINS) and agency side agreements are negotiated throughout the later part of 2021. After this initial training, you should have an understanding of the Act's purpose, increased knowledge of union terminology and the categories of covered and non-covered employees, awareness of the executive and management rights described by the Act, and understanding of the concept of neutrality and an appreciation of permitted and prohibited activities in the workplace.

### ■ [Training Survey Link](#)

- [Class Sign Up Link](#). This link is for the lead training specialists of each agency to give this link out to their employees to sign up for the Creating Positive Relations course.

3

The **Class Sign Up Link** can be cut and pasted into your communications. We will notify you of participant attendance upon completion of the class.
